

BROADBAND MENU

ESKMILLS OFFER A **FULLY MANAGED BROADBAND SERVICE** WITH TWO FIBRE CONNECTIONS TO THE PREMISES, GIVING YOUR BUSINESS **CONTINUOUS CONNECTIVITY**.

- **Super-fast, high capacity** – we have fibre connections which deliver speeds of up to 1 GBPS to the premises at Eskmills.
- **Secure** – a virtual local area network secures your company’s activities no matter where you connect - wireless or wired - across the whole of the Eskmills site.
- **Reliable** – we have two diverse fibre connections to the premises. If one goes down, your connection will be instantly restored by the other.
- **Instant connection or speed increase** – no waiting around for 3 months for an engineer to run your line in or change your capacity.
- **Customer service** – Plugdin are on hand at eskmills@pludgin.com to help you get set up and deal with IT issues as they arise.

Depending on your business needs we have a choice of options to ensure you get exactly what is required:
